

Commercial Polycarbonate Skylights

For over 30 years Sun-Tek has been manufacturing the most complete line of high standard - residential skylighting here in the United States.

We are now offering this same great assurance in a commercial version.

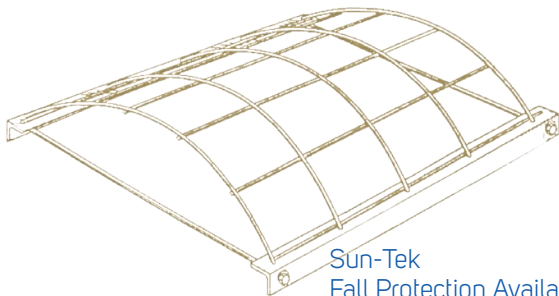

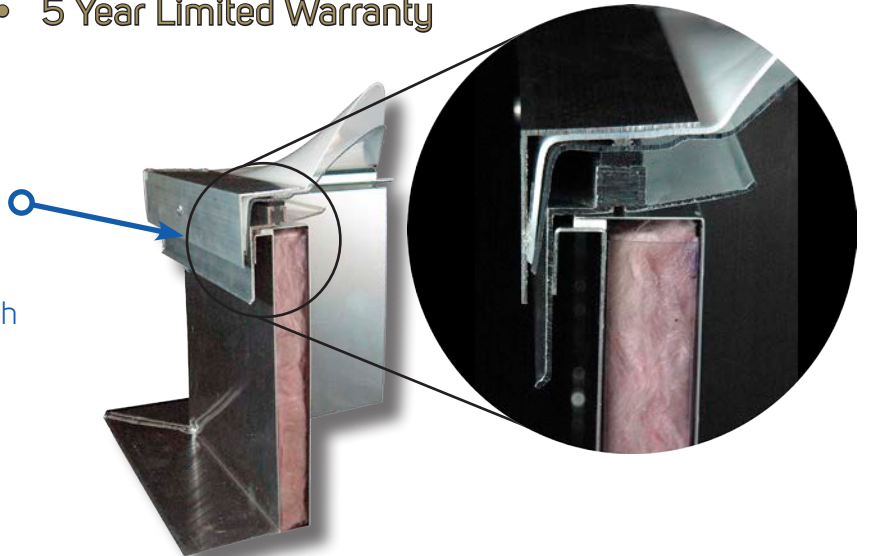

Pictured:
Thermally Broken Insulated Curb

- 6", 9" or 12" Curb Height
- Optional Mill, Bronze or White Finish
- Single or Double Domes
- Pyramid Domes Available
- Optional White, Clear or Bronze Domes
- Insulated or Non-Insulated
- 5 Year Limited Warranty

We have engineered our polycarbonate* dome to wrap all the way down the curb portion of the unit for added water diversion. In addition, it is fastened through the polycarbonate for increased strength and durability.

Sun-Tek
